

Key Stage 1 SAT's 2016

At the end of key stage 1 (KS1) in 2016 teachers will use teacher assessment judgements to report on the progress of their pupils. These assessment judgements take into account a pupil's performance in national curriculum tests (often referred to as SATs) in mathematics, English reading and English grammar, punctuation and spelling.

We use scaled scores to report the outcomes of these tests to ensure we can make accurate comparisons of pupil performance over time.

What is a scaled score?

A pupil's scaled score is based on their raw score. The raw score is the total number of marks a pupil scores in a test, based on the number of questions they answered correctly. Tests are developed each year to the same specification, but because the questions must be different, the difficulty of tests may vary slightly each year. This means we need to convert the raw scores pupils get in the tests into a scaled score, to ensure we can make accurate comparisons of pupil performance over time.

The range of scaled scores available for each test is the same and will stay the same in future years. 85 is the lowest scaled score that can be awarded on a KS1 test. The highest scaled score is 115.

A scaled score of 100 or more represents the expected standard in each test.

St Paul's Catholic Academy Results (30 children)

Children achieving a scaled score of 100+

Reading – 60%

Maths – 63%

As a school it is important to look at the scores of those who did not meet standard and how close they came remembering the scores range from 85-115

%	N	85	86	87	88	89	90	91	92	93	94	95	96	97	98	99	100+
Reading	10	7		3	3		3					3	7		3		
Maths		7			7				3	3			3	10		3	

53% of children passed both Reading and Maths.
